Instructor, Akademi Binaan
Malaysia (ABM) Wilayah Utara
-  **Guest Trainer & Assessor**
Government & Private
Training Centres
-  **2012**
Founded TERAS UNIVERSAL
Sdn. Bhd.

MESSAGE FROM THE DIRECTOR

Welcome to TERAS UNIVERSAL Sdn. Bhd.

Since beginning my career in the scaffolding industry in 1991, I have had the privilege of working across maintenance, construction, petrochemical, and offshore projects throughout Malaysia. These experiences have provided me with valuable insights into industry best practices, workplace safety, and the importance of developing a highly competent workforce.

Over the years, I progressed from being a Scaffolder and Scaffolding Foreman to serving as an instructor at Akademi Binaan Malaysia (ABM) Wilayah Utara from 2001 to 2006. This journey allowed me to contribute to the development of skilled workers while also serving as a guest trainer and assessor for various government and private training institutions.

Driven by a passion for developing future talent, I established TERAS UNIVERSAL Sdn. Bhd. with a clear mission—to provide quality industrial safety training, competency development, and consultancy services that prepare individuals and organisations to meet the evolving demands of the industry.

At TERAS UNIVERSAL, we believe that safety, competency, and continuous learning are the foundations of sustainable business success. We are committed to delivering practical, industry-focused training programmes that not only meet regulatory requirements but also enhance workforce capability and organisational performance.

On behalf of TERAS UNIVERSAL, I sincerely thank our clients, industry partners, and stakeholders for your continued trust and support. We look forward to building long-term partnerships and contributing to a safer, more competent, and future-ready workforce for Malaysia.

Building Competence. Creating Opportunities.

ABOUT TERAS UNIVERSAL

Established in **2012**, **TERAS UNIVERSAL Sdn. Bhd.** is a Malaysian industrial safety training and consultancy company dedicated to developing competent, safety-conscious, and industry-ready professionals across various industrial sectors.

With extensive experience in Oil & Gas, Construction, Petrochemical, Manufacturing, Marine, and Heavy Industries, we deliver competency-based training, workforce development solutions, and professional consultancy services that help organisations enhance workplace safety, regulatory compliance, and operational excellence.

At Teras Universal, we believe that a competent workforce is the foundation of a safe and productive industry. Our training programmes are designed to equip individuals with the knowledge, practical skills, and professional attitude required to perform confidently while meeting current industry standards and regulatory requirements.

Beyond delivering training, we strive to become a long-term strategic partner for organisations by supporting workforce competency development, continuous learning, and sustainable business growth. Through innovation, quality, and industry collaboration, Teras Universal remains committed to **Building Competence. Creating Opportunities.**

VISION, MISSION & CORE VALUES

OUR VISION

To become a leading industrial safety training and competency assessment provider recognised by local and international industries for developing competent, skilled, and safety-focused professionals.

OUR MISSION

- To deliver high-quality industrial safety training, competency assessment, and consultancy services that meet industry standards and regulatory requirements.
- To develop skilled, competent, and industry-ready personnel through practical, innovative, and outcome-based learning.
- To promote workplace safety, professionalism, and continuous learning across all industries.
- To support organisations in enhancing workforce capability, operational excellence, and sustainable business growth.
- To build long-term strategic partnerships by providing reliable training solutions that create lasting value for our clients and stakeholders.

OUR CORE VALUES (TERAS)

01

T – TEAMWORK

We believe collaboration, mutual respect, and strong partnerships are essential to achieving shared success.

02

E – EXCELLENCE

We continuously strive for the highest standards in training quality, service delivery, and customer satisfaction.

03

R – RESPONSIBILITY (SAFETY & INTEGRITY)

We place safety at the heart of everything we do while upholding honesty, transparency, accountability, and ethical conduct in every relationship and business decision.

04

A – ADVANCEMENT (CONTINUOUS IMPROVEMENT)

We embrace innovation, lifelong learning, and continuous enhancement to remain relevant in an ever-evolving industry.

05

S – SKILL & COMPETENCY

We are committed to developing knowledgeable, skilled, and competent professionals who meet industry expectations.

06

I – INTEGRITY

We uphold honesty, transparency, accountability, and ethical conduct in every relationship and business decision.

OUR TRAINING PROFESSIONALS

At TERAS UNIVERSAL, we believe that the quality of training begins with the quality of its trainers. Our training programmes are delivered by a panel of experienced trainers, assessors, and industry practitioners who possess extensive technical knowledge and practical field experience across the Oil & Gas, Construction, Manufacturing, Marine, and Industrial sectors.

Our training professionals are carefully selected based on their qualifications, industry expertise, instructional capability, and commitment to delivering competency-based learning that meets current regulatory and industry requirements. Each programme is assigned trainers with the relevant technical background to ensure participants receive practical, up-to-date, and industry-relevant knowledge.

To maintain the highest standards of training delivery, TERAS UNIVERSAL collaborates with a network of qualified professionals, including registered trainers, certified assessors, and subject matter experts. This flexible approach enables us to provide the right expertise for every programme while ensuring consistent quality and professional excellence.

AREAS OF EXPERTISE

TRAINING FACILITIES & PARTICIPANT SUPPORT

TERAS UNIVERSAL is committed to providing a safe, comfortable, and conducive learning environment to ensure every participant receives the best possible training experience. Our facilities and support services are designed to enhance both theoretical learning and practical competency development.

1. MODERN TRAINING CLASSROOM

Our training centre is equipped with comfortable classrooms, presentation equipment, and modern learning resources that support effective competency-based learning.

2. PRACTICAL TRAINING YARD

Participants receive hands-on practical training in a controlled environment using industry-relevant equipment and training facilities that simulate actual workplace conditions.

3. COMFORTABLE ACCOMMODATION

Comfortable hostel accommodation is available for participants travelling from outside the training location, providing a convenient and secure stay throughout the training programme.

4. MEALS & REFRESHMENTS

Daily meals and refreshments are provided for participants during the training programme to ensure a comfortable and productive learning experience.

5. PERSONAL PROTECTIVE EQUIPMENT (PPE)

Participants are provided with the required Personal Protective Equipment (PPE) for practical sessions to ensure compliance with safety requirements during training activities.

6. PARTICIPANT SUPPORT

Our team provides comprehensive support throughout the training journey, including registration assistance, course administration, and guidance before, during, and after the training programme.

PRACTICAL TRAINING ACTIVITIES

Developing workplace competence through hands-on practical training, real-world simulations, and industry-standard practices.

At **TERAS UNIVERSAL**, practical learning is an essential component of every competency-based training programme. Participants are provided with structured, hands-on experience under the guidance of qualified trainers, allowing them to apply theoretical knowledge in a safe and controlled training environment. Our practical sessions are designed to build technical competence, reinforce safe work practices, and prepare participants for real workplace challenges.
